

Big Canoe Carnival

3-Day Celebration In Sports and Fun To Conclude With 50-Mile Canoe Trip

STREET PARADE USHERS IN BIG EVENT FRIDAY

Window announcements are in the process of distribution and plans are reaching completion for Grayling's revival of the Canoe Carnival and Trip-Down-the-AuSable, scheduled to be staged next Friday, Saturday and Sunday.

The most complete program in the history of the event is planned by the committee composed of Spike McNeven, chairman; Holger Peterson and "Blackie" Levan assisting.

Although the highlight of the festival will be reached with the famous trip down the river, local interests have not been spared in rounding out the program. Something to hold both Grayling and summer people's attention is slated for every minute of every day during the carnival.

Festivities start with a bang Friday afternoon at 1 p. m. when the parade winds its way through the streets. Floats from neighboring communities, merchants of Grayling and firms doing business in this city are entered. Many of the sponsors have put a great deal of thought, time and money into the entries and indications are that there will be some excellent displays.

The city is to be "dressed-up" by Jack Davis, Bay City decorator, whose work on other festivals has been the object of no little praise. Individual business houses, light posts and the streets proper will take on a festive air with the hanging of the decorations.

In charge of the pastime throughout the season, Blackie Levan, Grayling's baseball czar, announces that negotiations are in the mail to sign either or both Kalamazoo and Muskegon for the carnival. Opposition. There will be games Friday and Saturday and possibly Sunday. The Sabbath gift is designed to hold the local interest while visitors are making their way down the river.

A free boxing match, offering as the principals a group of fast, hard hitting mitt-slingers from the CCC camp, is in the offing for Saturday night. A complete list of entries has not been compiled, but there will be worthwhile fights in practically every weight division.

Traverse City is sending its crack Drum and Bugle Corps for the occasion. It will be accompanied by the Forty and Eight Division of the American Legion. Together with the several bands coming for the event, the Traverse outfit will keep interest at a high pitch during the festival with its stirring music.

Old folks and kiddies alike will view with interest the Old Time Fourth of July program on Friday and Saturday. A tentative list of the events includes: bag races, potato races, water battles, foot races, pig races and turtle races. Prizes for the winners are promised.

In addition to the dance at the Officers' Club, the committee has arranged for street parties to occupy the spotlight of the evening's entertainment. And for those who do not care to dance there will be a band concert every night.

Sunday morning the carnival comes to a dramatic anti-climax with the start of the Trip-Down-the-AuSable. The writer has heard no end to the enthusiasm with which the announcement of the trip was received in nearby communities and resort centers. It is not at all improbable that every available canoe will be taxed for the occasion and many people left on the banks wishing they had sent in reservations.

The Trip-Down-the-AuSable is

one of the most beautiful and picturesque inland river excursions in the middle west. It is universally familiar to Grayling residents but represents something strange, something fascinating, a trip almost unbelievable to outsiders not acquainted with the vicinity and what it offers the summer population. When the carnival was inaugurated two years ago people came from all parts of the country to make the trip. One aged couple from Germany was among the passengers. There has been no end to the letters of commendation Mr. McNeven has received since the 1932 venture. Last year it was dropped, only to be revived this spring by local enthusiasts.

A great deal of time and energy is being expended by the committee-in-charge. Spike relates how two years ago he and his crew went four days and four nights with little or no sleep to complete the plans for the event, and he doesn't believe this year will be any exception. Many unforeseen details must be cared for at the last minute and to the endeavor to keep all visitors occupied and happy something must be going on every moment. With that thought in mind the committee has labored untiringly in the interests of the community.

The trip starts at 9 a. m. Sunday. Riverboats and canoes will comprise the flotilla, but if the expected registration turns out for excursion, rowboats may have to be employed as in 1932. The committee is securing every possible boat in the district. In order that the guides may not suffer the loss of time and money and in the effort to insure them a square deal all the way around the committee has announced that each man furnishing a boat for the trip will be paid one dollar.

Along the river at strategic points entertainment will be offered the excursionists. One beer garden operator announces he is attempting to secure permission to float a platform halfway down the stream, on which his dance orchestra will play as the boats pass. The bands in attendance at the carnival will also be located at picturesque spots along the banks. A lunch will be served somewhere in the neighborhood of Stephens Landing.

This year, to help defray expenses, the committee is making a small charge for the ride. It has been set at fifty cents and includes boats, guide and the lunch.

The trip terminates at Lincoln Lodge at the junction of the north and south branches of the stream. There the proprietor of the lodge will serve dinner to the riders, who by that time will no doubt have worked up quite an appetite. Reservations are coming in rapidly and anyone desiring to send one to a friend may secure the same from Mr. McNeven.

LADIES AUXILIARY GUESTS OF GAYLORD GOLF CLUB

Twenty ladies went to Gaylord Tuesday and enjoyed golf and bridge at the Gaylord Country club.

Eleven golfers from here met the Gaylord golfers in an 18-hole tournament that resulted in Grayling winning by 9 points. Mrs. Murray had low score (88) for Gaylord and Mrs. C. G. Clippert low score (104) for Grayling. Mrs. Roy Milnes and Miss Ella Hanson tied for the second low score (110) for Grayling. Mrs. Louise Combline and Mrs. Axel Michelson held the high and second high scores for bridge.

The Gaylord ladies were very gracious hostesses.

Frank Dreese Funeral Today

WAS FORMER GRAYLING BUSINESS MAN

Frank Dreese, age 76, passed away after a brief illness in Mercy Hospital Monday night. Death was caused by a heart ailment which had put him in feeble health for the past year. Funeral services were held here this morning, interment being in Elmwood cemetery.

Mr. Dreese came to Grayling from Sparta, Mich., March 3rd, 1914, when he purchased the bankrupt Mike Brenner stock, then located in the building that is now used as a barber shop by Ernest Olson and the Betty Mae Beauty shop. He continued in business at that place for a short time when he moved his stock into the Merriman building on the corner opposite the jail. He continued in business here for several years and in about the year 1922 moved to the present location on the corner of the intersection of the main street and the alley.

He resumed business. A few years later he returned to Grayling and built the brick building that is now the electric office, where he resumed his clothing and shoe business. He again gave up his business career here and returned to Edmore. For the past year he has been again residing here.

Most of our older residents will recall "Frank's Lemon Colored Store on the hill." This term he employed in his advertising and his name was well known all over this part of Michigan. He had a unique and successful way of pushing business and attracting trade. He was keen in business but was always honest in his transactions. He was friendly and enjoyed his friends. He was fond of music and enjoyed singing and possessed a pleasing tenor voice. He liked hunting and fishing but few seasons passed when he failed to get his deer. His accuracy with the rifle was quite surprising even in his late years. We can recall how he was able to hold his own against other younger men on the gymnasium floor, even though he was well over the seventies in age. Frank Dreese was a good citizen and was held in good esteem by those who knew and understood him best.

He was laid to rest this forenoon in Elmwood cemetery. Among flowers placed about his bier as tokens of respect and kind memories was a large wreath that represented the business men of Grayling. He leaves behind many pleasant memories of his citizenship here.

He is survived by a twin sister—Mrs. Frank Kiehlne of Cincinnati, Ohio, who, with her husband and Mr. and Mrs. Fred H. Dreese of Jackson, Mich.; Mr. and Mrs. O. W. Dreese of Alanson, and Miss Minnie May Anderson of Detroit, other near relatives, were present at his funeral. Services were held in the Benson funeral parlors, by Rev. H. J. Salmon of Michelson Memorial church. Old friends served as pall-bearers.

"Every little bit helps" is an old adage well true in regard to Grayling Mercy Hospital. Although we are looking forward hopefully to a rift in the clouds caused by the late depression, expenses have continued to mount high in hospital work, without a balancing increase in income. Grayling Mercy Hospital, through the kindness and good will of the people of Crawford county, was voted an appropriation of \$1000.00 per annum in 1930. This was paid for the years 1930 and 1931 only, and the hospital has not received it since and has struggled along without it during the hardest years of its existence, viz: 1932, 1933, and thus far in 1934. May some kind fate again place the appropriation in our hands so that our debts, too, may be liquidated.

Autos Crash Injuring Five

occurred last Thursday evening at about nine o'clock in the downtown district two young people were injured, two of them quite seriously.

Miss Jean Peterson driving a Chevrolet had with her Miss Vivian Dawson and the latter's cousin, Misses Nadine and Beryl Pobur of Detroit, and she was coming up Michigan avenue and stopped for the stop street—US-27. When she started to cross the highway, a car driven by Richard B. Grant of Vanderbilt coming from the south on the highway crashed into them. It is reported that Grant was traveling at such a high rate of speed that he was unable to stop. In his car with him were Howard Smith, and Misses Sue McPherson and Sue Wickes, all summer residents at Higgins Lake.

Miss Nadine Pobur and Miss Jean were the most seriously injured. Both are at Mercy Hospital and the former is suffering with a concussion near the left ear and Miss Jean has a bad laceration on the right side of her face. However both are getting along nicely. The other two young ladies in the Peterson car and Miss Wickes occupant of the Grant car escaped with minor cuts and bruises, and all remained at the Hospital for overnight.

Miss Jean is the daughter of Mr. and Mrs. T. P. Peterson, Miss Vivian the daughter of Mr. and Mrs. Earl Dawson and the Misses Pobur, the daughters of Mr. and Mrs. William Pobur of Detroit. Mrs. Pobur was formerly Miss Olga Peterson and the family were here from Detroit enjoying an outing at Lake Margrethe.

The bridegroom is the son of Mr. and Mrs. Holden Woughter, Stevenson Street.

The ceremony took place before the fireplace which was graced by large baskets of garden flowers. Rev. A. A. Trembitt officiated at the ceremony. The bride wore a smart frock of navy blue sheer material with touches of white at the neckline. She was hatless for the ceremony and wore a corsage of gardenias. AUXILIARY GIVES DRESS-UP PARTY

Mrs. Jarleaux' wax figures had nothing on the get-ups that appeared at the Golf club house Wednesday afternoon for the luncheon.

It was the regular meeting of the Ladies Auxiliary, and the shouts of laughter grew louder and louder with the approach of each arrival as the room filled with the funniest and most unique costumes that one could ever imagine.

Some forty ladies sat down to small tables which had been set for the luncheon. Following the business meeting the ladies played golf or bridge. The low score for golf was 66 and was a tie for Mrs. Roy Milnes and Miss Thomas. Mrs. Milnes drew the prize. Mrs. H. A. Bauman held the high score for bridge.

Judges on the costumes were: Mrs. H. A. Bauman, and Mrs. C. T. Kerry and Dr. Hutchinson of Saginaw. After much deliberation and many ballots the committee made the following report: Mrs. Lorane Sparkes first prize for the funniest get-up; second prize, Mrs. George Kraus; honorable mention for Mrs. Oscar Schumann for character impersonation; Miss Horwich for Hawaiian costume and Miss Betty Welsh for cowboy outfit.

The party was one of the pleasantest of the season for the auxiliary.

CCC Men Hear Forestry Lecture

Attendance at a lecture given by H. N. Wheeler from the Washington office of the U. S. Forest Service at the Grayling high school auditorium Thursday of last week. Campers represented were Higgins Lake, Pioneer, AuSable, Hartwick Pines, Houghton Lake, Pile Lake, Mielasse River, and Ogema, each sending approximately 100 men which packed every available bit of space.

Mr. Wheeler emphasized that 51% of forest fires were caused by careless smokers, and that another 11% are maliciously set. Michigan has 21,000,000 acres, he claimed, of land unprofitable for any other purposes than forestry. He told of what work was being done over this country by CCC men, the necessity of controlling fire and eradication of pests and diseases that destroy trees.

Other features of the talk emphasized the benefits of game refuge, the work of the United States forestry service, and the value of conservation for tourist business. Well chosen colored slides illustrated the lecture.

The speaker was introduced by Capt. T. J. Bous, district commander. Capt. Betts is commander of the 4th Forestry district. State foremen of the Michigan Emergency Conservation work, Army officers, Educational Advisers, and Conservation officers were also in attendance.

NEWS BRIEFS

from 7:00 o'clock in the morning until 9:00 o'clock in the evening.

Mortgage revenue bonds in the amount of \$37,500, which will be secured by the plant and the system only, will be issued. In this issue of the Avalanche and for the past two issues the proposal is printed in its full legal terms and should be carefully read by everyone interested.

Unlike school bonds and issues similar, a waterworks plant receives an income. School houses do not have an income, but instead every dollar raised by such bonds have to be paid back by the taxpayers. A waterworks system, however, receives an income from water users. It is estimated that this should be self-liquidating and it should easily be paid for out of the money received from water users.

At the present time we have a system that is inadequate and expensive in operation and the water supplied is unfit for drinking and household uses. Besides there is a large area in our village that has no water at all, for domestic uses and also for fire protection.

With the new proposed system in operation good, pure water (which is available in unlimited abundance) will be supplied from outlets. And also the system will provide many homes with the water that are entitled to it and are not getting it. Especially is this true on the South Side where there are many splendid homes and good citizens that are entitled to waterworks service.

The bond holders will be the federal government. The members of our council and the engineers who drew up the plans say that in case it should happen that we were to default on our payments and that it would be necessary for the bond holders to take over and operate the system that in no way would it affect the taxpayers. This is the reason for the franchise which will become operative only in case of default in payment of bonds. In such case the government would take over the plant and operate it until such time as it has earned enough to repay the bondholders, after which the system would again be turned back to the village. Thus it appears that our property owners have nothing at stake that will in any way effect them.

When this proposal is approved and the new system installed it will mean good, pure water for all parts of the village and also better fire protection that also is badly needed. And this latter should place us in a lower insurance class and would mean a saving in insurance costs.

Work on the new system should begin within a few weeks, and would mean plenty of labor for our people for the coming fall. About \$13,500 of the cost of the system will be assumed by the federal government as an outright grant.

We have studied the question and heard the opinions of many well informed persons on the plan and all seem to feel that this is a most vital opportunity for the future progress of Grayling, and should be approved.

There will be ballots for the franchise and also for the bond issue. It is equally important that we vote "yes" on each question. Both must pass or the matter will fall entirely. Grayling is either going forward or it is going to go backward. It cannot stand still. So keep it going forward.

FRED MING 'SITTING PRETTY'

Al Weber of the Cheboygan Observer says that Fred Ming is "sitting pretty" insofar as his nomination for lieutenant governor is concerned. Thomas Read of Shelby and Ernest T. Condon of Grand Rapids also are candidates for nominations for that office on the Republican ticket. Mr. Read served in that office from 1921 to 1924. Since that time Mr. Read hasn't been very active in political life.

Fred Ming was speaker of the house of representatives for two terms in succession—1923 to 1932. During that time he won a very wide acquaintance in the state of the kind of people who will be doing things for him in his campaign for lieutenant governor. He made a remarkable record as providing officer in the House, and will be just as fine at the head of the Senate.

In all our acquaintance with public officials and men in public affairs, we don't know of anyone better fitted to be lieutenant governor of Michigan than Fred Ming. Also he is the kind of man everyone likes. And we'll bet that after he is elected he will expect his friends to continue calling him Fred just as they do now. Success to you, Fred.

STATE FAIR TO OPEN AUGUST 31

Hog Calling, Fireworks And Baby Contest Among Features

Detroit—The 1934 Michigan State Fair at Detroit, Aug. 31 to Sept. 9, will be a salute to the New Deal and a triumphant paragon of the state's progress in agriculture and industry.

The industrial, agricultural and educational exhibits will be instructive and of interest to every man, woman and child in the state. President Jones said.

That the fair will be operated non-politically and the premiums for livestock, farm products and other exhibits will be given to Michigan exhibitors exclusively were two salient points stressed by Mr. Jones.

Specifically, the New Deal Fair beckons to the farmer by confining the cash prizes to Michigan residents. The 1934 premium list will surpass last year's figure by about \$40,000.

At the same time Educational and Automotive exhibits will be on display for those who are not interested in agriculture and livestock.

Art, needlework, home economics, canning and similar subjects are a part of the educational program which will prove instructive to girls and women. The automobile industry, the pride of Michigan, will be glorified with exhibits of the latest models in cars and new and interesting automotive devices.

The institutional exhibits will be highly educational and instructive as in other years, President Jones said. No prizes are offered in this department and the exhibitors will attend only through invitation.

For example, the Michigan School of Employment for the Blind at Saginaw will exhibit rugs, mops, brooms and brushes made by their inmates. Students will hold daily demonstrations showing how they weave rugs and manufacture brooms.

The state prison commission, the Detroit and State police departments are also listed as exhibitors this year. State hospitals whose inmates do therapy work, the Boys' Vocational School at Lansing, the Home and Training School of Leeper and the William Maybury Sanitarium are among the other exhibitors.

The entertainment, always a factor in any fair, will provide fun and amusement for child and adult alike. A "Million Dollar Midway," a rodeo with cowboys and cowpunchers, a hog calling and hand calling contest, fireworks, a baby contest and a sheep shearing contest for the state championship are but a few of the features.

Dodson's World's Fair Shows will provide color for the midway. The show is said to be one of the largest shows of its kind on the road. The troupe of 500 travels on a train of 30 cars with 13 big riding devices and two bands. The show has 15 different acts with three features, the Valencians on their swinging pole, Billie Geyer, a daredevil acrobat, and Captain Dan Cherry, who dives 110 feet from a platform into a net.

Each of the ten days of the fair, August 31 to September 9, inclusive, has been named and set aside for a purpose. Briefly, the program is as follows:

August 31—The Grand Opening in which the fair will be opened to the public by State and City officials in elaborate ceremonies.

September 1—Industrial Day. This day is set aside to show a comprehensive picture of the importance of the Automobile Industry in Michigan.

September 2—Veterans' Day. Drum and Bugle Corps competition and a band contest will feature this day for the American Legion, Veterans of Foreign Wars and Disabled Veterans.

September 3—Labor Day and Governor's Day. It is planned to have Governor Comstock and state officials present for the day's program.

September 4—Children's Day. A family day with fun for youngsters of every age. The 4-H clubs from all over the state will exhibit their livestock.

September 5—Michigan Day. This day is for recognition of the New Deal for State Fairs and the Michigan Farmer.

September 6—National Recovery Day. A demonstration to show the large part Michigan has played in speeding the nation to recovery will be held.

September 7—Farmer's Day. On this day a tribute will be paid to the Michigan Farmer, and people of the rural districts who have proved a vital factor in aiding state recovery.

September 8—Baldie's Day. This day belongs to the youngsters and will be climaxed by a Better Babies Contest.

September 9—Church Day. This will be a non-decombinational day in which families of every religion will be able to observe church service.

Recreational Notes

Due to the splendid work of Miss Reagan we now have 211 boys and girls taking part in our program.

The field day at Otsego Lake has been cancelled. The dropoff in Otsego Lake makes it inadvisable to hold swimming events there. We are trying to schedule baseball games to fill in our program.

The tennis tournament is in full swing. Several close matches have already been played. Tomorrow boys and girls are participating in twenty-six matches. Watch the bulletin board in the Post office for the results from day to day.

Those who haven't already enrolled still have two full weeks to enjoy the program.

Grayling Again Breaks Even. Tuesday Grayling invaded Grayling with their girls and boys soft ball teams. They returned home after losing a 51 to 4 walk-away to our girls but carrying away our boys' scalps 17 to 7.

Eva Burby limited the Grayling lassies to six singles, struck out seven and walked none besides getting a home run and two singles in five trips up. Helen May led the offense with five hits in five attempts. B. Hutchins with two out of two led the Grayling attack.

The Grayling boys seemed to get the breaks and when Maloney dropped a hard fly, after making a great try for it, our boys temporarily lost their fighting spirit. Before they could recover it Grayling had a commanding lead of eight runs. The Grayling pitcher was given brilliant support. He limited Grayling to ten hits and one walk while striking out two. Simmons led the Grayling offense with four out of six.

The Grayling pitchers gave up 18 hits and one walk while striking out two. Twelve errors turned out what might have been a close game into a one-sided battle. B. Hanson, Hull, Murphy and Wells collected two hits apiece.

This concludes the series, giving our girls two wins to balance off the two defeats for the boys. The box scores will be found on the bulletin board in the Post office.

GRAYLING WINS FROM C.C.C. CAMP, 681 EIGHT TO FIVE

Blackie's Blackbirds out slugged Co. 681 Sunday afternoon to add one more victory to their string of wins.

Smith, Grayling centerfielder, blasted out a home run in the first inning with Jimmie Post on second to give Grayling a lead but in the second inning 681 scored three runs to add to their two-earned runs garnered in the first inning to bring the score to 5-3.

681 was held scoreless from then until the seventh when they pushed one run across. This run failed to count however because the game was called after the first half of the seventh inning had been played and the score reverts to the previous inning.

Jack LaGrow led the Blackbirds with a perfect day at bat with three singles and a walk in four trips to the plate.

The few spectators present were entertained by the colored members of 681's team. These fellows with their humorous talking and comical actions almost stole the show.

Perry pitched for Grayling and allowed only 3 hits, 5 of which were in the second inning.

YOU SAID IT!

In the AuSable—swiftly running—
Lived a brown trout, of devilish cunning,
That had fooled the wily anglers year and year;
He'd evaded hooks and "spinners"
As he stripped them for his dinners
But—to snag him, none had yet come even near.

So, that fish—shrewd and sagacious—
Starred many tales, fallacious;
Tales that, by repeated telling, grew and grew
And many a lying sinner
Kept his poor wife waiting dinner
While he spun yarns of that fish that were not true.

Thus, by written words, and vocal,
Was his fame, once strictly local
Neised abroad until a challenge it became,
For some son of Isaac Walton
To go forth and call a halt-on
What, has now, 'twixt fish and man, become a game.

But, though anglers came aplenty,
Aye—in groups—of forty or twenty,
None of them could lure that fish from out his lair;
And no matter how they angled
Always out of reach he dangled
Till they gave up trials to book him in despair.

Then, one day a little lad
Came to fish there, with his daddy,
With a fly rod, and some feathers on a hook;
And that funny sage—though clever—
Succumbed to his first endeavor
And, that night, the boys folks had the fish to cook.

Now, what made that fish behave so,
Is a thing we shall not know
And who cares about such trifles, anyway?
But I'll bet you something, mister,
That the kid's DAD threw a "twister"
When his son reeled in that famous fish that day.

ATTENTION has been called by this paper several times to the importance of speed traffic regulation within our city limits, and especially in the business district. However fast driving in the downtown district seems to go on just the same. We have felt that there was no need of being small and penurious and causing the arrest of everyone violating the speed laws, for that would mean about everyone driving a car, but that a reasonable enforcement should be had. While sometimes outsiders zip thru town at dangerously fast speeds, still our own people are just as great offenders. Just because most drivers are on the lookout for the other fellow, as well as being careful drivers themselves, accidents have been few. But one can't always judge what the other fellow is going to do. The crash that occurred last Thursday night on Michigan avenue and U. S. 27 would never have happened if the car coming from the south had been complying with the speed laws instead of traveling at 50 miles an hour or faster, as is reported. Parties to the Hanson gas station claim that their attention was called to the car as it passed that place because of its excessive speed and in another instant there was the crash. No lives were lost but several were hurt and one young girl will carry a scar on her face for the rest of her life, and two cars were demolished. The offending driver, it is said, claimed that he did not realize that he was in a city. At 9:00 p. m. this street is ablaze with lights from the river for four blocks north. Also at the corner as one comes into town there is a traffic sign that says "20 miles." There was either something wrong with the driver's eyesight or else he showed an utter disregard for the law. We're very glad, however, that there were enough sensible people in the crowd to prevent the young man from being mobbed, which looked somewhat threatening for a time. He did everything afterwards that could be done and remained at the hospital until the injured ones were cared for. He no doubt will be made to answer in court for his fracture of the state traffic laws and probably will be penalized—either by paying a fine or by having to serve time in jail or prison. That's the law and he alone is to blame for his accident. It is quite a miracle that no lives were lost.

IT HAS been suggested that whenever a person is caught speeding in town on U. S. 27 that an officer compel him to drive back to the sign that says "20 miles an hour" and compel him to read the words out loud ten times. And we think that is a very good idea. If that doesn't cure him from fast driving, then give him a ticket. And no fooling.

Grayling Couple Wedded

The marriage of Miss Katherine Bates to Mr. Benjamin Jerome at the Lutheran Episcopal church last evening was one of the most delightful social events that has ever occurred in this city. Rev. A. B. Mitchell, of Aigonac was the officiating clergyman.

The bride party appeared at the entrance as Mandelsohn's wedding march sounded, played by Mr. Arthur Fournier, of Royal Oak. As the groom came forward to meet the bride, a solo, "O Perfect Love" was sung by Miss Katherine Bates, of Detroit, and Miss Lillian Bates as maid of honor and Miss Mildred Bates as ring bearer.

The groom was attended by his brother, Mr. George Jerome.

Following the ceremony Mr. and Mrs. Jerome received nearly two hundred of their friends in Danebod hall.

Vines made to represent cucumber vines, to which were fastened various presents each wrapped to form the shape and appearance of a cucumber. were formed throughout the house. The recipient had to pick the presents and found enough "cucumbers" no doubt to start any couple out with plenty of pickles. It was an enjoyable affair.

Mr. and Mrs. Perry Osterander, living near Cheney, Mich., received an invitation to an Osterander family reunion to be held at Belle Isle park August 16th.

DEPT. OF STATE

When Secretary of State Frank D. Fitzgerald extended the use of windshield stickers permits until September 1, with the consent of a majority of the legislature, it was decided that other states would not be notified of the action.

This means that Michigan motorists operating their cars after August 1 with 1933 plates and a windshield permit, are liable to be detained if they travel beyond the Michigan borders.

Interest in politics in Michigan is decreasing if the number of candidates filing with the Department of State can be taken as a criterion.

In 1932 a total of 245 candidates were certified by the department for senator, governor, lieutenant governor, congress and the state legislature. This year petitions were filed for 217 candidates but six filed written notices with the department asking that their petitions be withdrawn.

Question Box By ED WYNN

The Perfect Fool

Dear Mr. Wynn:

I am a baker and keep a bakery shop. I notice I am losing a lot of money on the doughnuts I make to sell. I can't charge any more than I do now for them. The reason I lose money is, I use too much dough to make them with. What can I do so as to not use as much dough as I use now to make the doughnuts?

Yours truly,
MacROONE.

Answer—Make the holes in the doughnuts larger and you won't use as much dough.

Dear Mr. Wynn:

I am a girl going to high school and I met a boy whom I like real well. He takes me home every day. He seems to be very nice, but his hands and neck always look unpleasant to me. I am fifteen years of age, and my hands are very clean, while he is seventeen years of age, and his hands are so much dirtier. How do you account for that?

Sincerely,
IMA KOED.

Answer—That is easily accounted for. He is two years older than you.

Dear Mr. Wynn:

I am a boy sixteen years of age. One day last week I took a can of black paint and a brush and was painting the front door of our house, which was white, with the black paint. My father saw me, made me stop, and then ordered me away from his home. What is wrong with him?

Sincerely,
I'M BROKE.

Answer—You say you were painting a white door with black paint and your father caught you at it and disowned you. Very simple. He doesn't want you to darken his doors again.

Dear Mr. Wynn:

I am blind in one eye. I went to a theater where the price of admission was \$4. I told the ticket seller that I should pay only \$2 for a ticket, as I was blind in one eye, and therefore was only able to see half the show. Wasn't I right?

Truly yours,
I.O. FAIR.

Answer—You were absolutely wrong. The price of the ticket was \$4. You wanted to pay only \$2 because you say you would have seen just half of the show, as you have but one eye. Because of that fact, I mean that you have only one eye, the ticket seller should have charged you \$8 (double the price), as it would have taken you twice as long to see the whole show.

Murphy is in receipt of a letter from Happy Days, the official publication of the Civilian Conservation Corps, extending congratulations upon Camp Higgins Lake being selected as one of the 25 best organizations in the entire United States. The letter did not explain the basis for making this recognition but officers of the camp feel that it is deserved. A banner has been received that proclaims the recognition.

This company took its full quota of men to the lecture given at Grayling Thursday night of last week by Mr. H. N. Wheeler, chief lecturer of the United States Forestry Service.

Tuesday afternoon was pay day—and now you can hardly borrow a nickel in camp.

Starr, the pastor, arranged for the various features. Leonard Warren arranged the program provided by members of this camp.

Pitching horseshoes has become one of the most popular diversions of enrollees.

Camp AuSable

Need of the CCC

Camp AuSable can furnish one very outstanding example of how the CCC has proved to be a lifesaver to many young men who were having a pretty hard battle with living a year ago.

Back in 1911 a family up in the "copper country" had a new addition to the family and christened him "Mike." A year later another boy came along. When Mike was about two and a half years old his parents took the family back to Europe to what is now Yugoslavia. Then in 1929 Mike, who was then just growing into manhood, decided to come back to the United States and bring the brother with him. Or the past reputation of his father, Mike was able to borrow \$500.00 from a Calumet bank and soon arrived in America and Michigan.

In spite of our well known depression which has caused suicides, divorces, and bank failures, Mike was able to pay back \$400.00 of his debt—but it was a heart-breaking struggle.

Then the CCC was organized and Mike became an enrollee at Camp AuSable. At the rate of \$65.00 a month it didn't take long to pay off the balance of the debt.

Mike is upholding the reputation of his father, and the CCC has relieved him of the worry of making a living and of paying back an obligation.

Camp Hartwick Pines

One of the projects of Co. 674 for the past two weeks has been the making of improvements at the Grayling Fish hatchery. The main job is the strengthening of the banks of the ponds. In the past, with just dirt banks, they have been constantly washing away and had to be rebuilt often. Such conditions made it almost impossible to keep grass and shrubs on the banks and the natural beauty of the Fish Hatchery grounds suffered.

This summer, through the use of CCC labor, it is possible to correct these drawbacks in many of the ponds. A crew of twelve boys from Camp Hartwick Pines are busy every day making cement walks and lining the banks of the ponds with them. Then a solid strip of concrete is poured on top of these slabs to hold them permanently in place. The water level will come just below the top of the cement and the banks are, of course, saved from constant washing away and caving in. Now any grass or shrubs planted on the banks will be there permanently and will not have to be replaced two or three times a year.

Also the boys have trimmed out the undesirable brush in the grove on the hill just above the Fish Hatchery.

Mr. Saunders, our Camp Superintendent, has been quite ill the past ten days with a severe attack of flu. His appetite is back again now, so he must be well on the road to recovery.

OUR GANG DOINGS

Our Gang held two meetings in July. The first was held at the home of Mrs. Geo. Woods. At this meeting twenty members were present and Keno was played with prizes going to Mrs. John Stephan, Mrs. Sydney Robarge, Mrs. Barton Wakeley, Mrs. William Williams and Mrs. Henry Hayes. The Penny prize was given to Mrs. Geo. Lutz.

This meeting was the birthday party for Mrs. Robarge, Mrs. Hayes, and Mrs. J. Stephan and birthday gifts were given by the club. A lovely birthday cake was presented by Mrs. Geo. Lutz.

The meeting for July 12th concluded the meetings of Our Gang for the summer. This meeting was held at the Grove. There were twenty members, besides four guests: Mrs. Hattie Moehler, Mrs. Albert Knabbs, Mrs. Carrie Feldhauser and Mrs. Hurl Deckrow.

Keno was enjoyed with prizes going to Mrs. Wm. McEvers, Mrs. Deway Palmer, Mrs. Kenneth Clise, Mrs. Carrie Feldhauser, Mrs. Andrew Beck and Mrs. Barton Wakeley.

A racing contest was won by Mrs. Deway Palmer, a card contest by Mrs. Sherman Neal, and Mrs. Geo. Lutz was given the Penny prize.

A delicious potluck lunch was served and everyone enjoyed the ice cream and cake.

A birthday cake was made by Mrs. Barton Wakeley for the July birthdays of Mrs. Andrew Beck, Mrs. Earl Broadbent and Mrs. Sherman Neal and these ladies were given gifts from the club.

The next meeting will be sometime in September, the date and place to be decided later.

Ralph W. Collen is proud of his truck garden at Lake Margrethe. Besides having for sale chicken broilers and older chickens, and eggs, his garden is a veritable bower of fresh vegetables of just about every kind.
